

ACU Series Oscillating Industrial Unassembled Circulators Data Sheet

General Characteristics of ACU Series Oscillating Industrial Circulators

The ACU Series air circulators are used for both commercial and industrial use.

For indoor or outdoor use.

For outdoor use protection may be needed from the elements.

The blades are steel hub/spider aluminum paddle blades.

Comes with coated steel guards.

The pedestal base has an option of a wheel kit.

Pedestal steel dome base is 27" in diameter and has 5 carriage bolts.

Pedestal pole adjusts in the center of the fan from 52" to 78" inches.

Cord: type 3 conductor, 12ft long.

Also comes with pull chain switch.

Motor Specs: 2 speed, 1 phase, 120V, ball bearing system, totally enclosed and permanently lubricated, permanent split capacitor, 48" frame and 1/2" shaft.

Motor blades, guards and mount are packed in a single carton.

Note: Oscillating motors can only be mounted, where the motor can be mounted in the upright position.

Meets OSHA Oscillating and are ETL-CETL listed.

Made in the U.S.A. with domestic and foreign components.

Product Applications of ACU Series Oscillating Industrial Circulators

Used for both industrial and commercial use.

It is used to cool offices, factories, shops, bakeries, laundries, gymnasiums, warehouses, and virtually any place where a high volume of air movement is needed.

For indoor and outdoor use. For use outdoors protection may be needed from the elements.

Warranty of ACU Series Oscillating Industrial Circulators

Manufacturer's Limited Warranty: 1 year

Data Sheet

Product Line Description of ACU Series Oscillating Industrial Circulators

Type: TPI ACU Series Oscillating Industrial Circulators

Motor Type: Totally Enclosed

Manufacturer: TPI

Model Series: ACU Series

Voltage: 120V

Horse Power: 1/4Hp

Diameter: 24" & 30"

Air Flow: 5400 to 3600

Speed: 2

Mounting Type: Pedestal, Pedestal with Wheels & Wall

Color: Gray

Ship By: Free LTL Freight
