## with Antibacterial Housing Data Sheet

### General Characteristics of Evaporative Cooler, AirMist16 with Antibacterial Housing.

Keep your space cool and free from bacteria with this innovative evaporative cooler featuring an antibacterial housing. Designed to deliver optimal performance and a healthier environment, this cooler is perfect for homes, offices, workshops, or any area that needs fresh and clean air.

Inhibits bacterial growth, ensuring a more hygienic and safer environment.

Provides fresh air economically and eco-friendly.

Equipped with wheels for easy transportation anywhere.

Saves on electricity costs while maintaining a pleasant atmosphere.

Intuitive controls and easy maintenance for added convenience.

Antibacterial housing ensures cleaner, safer air for your family or workplace.

Easily move the cooler to any desired space.

Its energy-efficient design reduces power consumption and environmental impact.

Instant freshness with a system that's simple to operate and maintain.

### Product Applications of Evaporative Cooler, AirMist16 with Antibacterial Housing.

This portable evaporative fan is perfect for a wide range of applications. It's ideal for industrial warehouses, factories, workshops, and assembly lines, providing efficient cooling in high-heat environments. In public spaces, it works well in shopping malls, outdoor events, restaurants, cafes, stadiums, and gyms. For residential use, it's great for patios, terraces, and garages. Special applications include greenhouses, construction sites, farms, hangars, large tents, and sports areas. Its versatility and powerful airflow make in the perfect solution for both indoor and outdoor cooling needs.

### Warranty for Evaporative Cooler, AirMist16 with Antibacterial Housing.

Manufacturer's Limited Warranty: 1 Years.
