

General Characteristics

- ▶ The VentDepot ShutTronic powered shutters are available from 24" to 60" square.
- ▶ These all metal shutters may be used with belt or direct drive fans.
- ▶ Includes shutter that opens with an electric operator that is included with the ShutTronic series of shutters.
- ▶ Shutter frames are heavy gauge steel with rigidly welded corners and finished with a tough, powder coat finish.
- ▶ Extruded aluminum shutter blades are attached with screws and durable bronze bushings to provide smooth operation without lubrication or maintenance.

Product Applications

- ▶ Industrial and commercial use for Intake and Exhaust Fans.

Warranty

- ▶ Manufacturer's Limited Warranty: 3 Years.
